

Diagonal

Bench

Design — o4i Design Studio

Diagonal is both a sofa and a room divider. The furniture consists of four seats of different shapes, to which a screen can be connected. One of the sofa elements is higher than the others, providing a side table for a computer, for example. Diagonal is a great piece of furniture for spacious lobby areas.

MATERIAL DESCRIPTION:

Seat: upholstered

Base: black.

Screen: fully upholstered.

PRODUCT CODE NUMBER:

389 = seating island

787 = low screen

789 = high screen
