

# Soft Work Table

Edward Barber & Jay Osgerby, 2021

The Soft Work Table is not just a sofa side table – it is also specifically designed for teamwork. The slender x-shaped base, which is optionally equipped with castors or glides, allows users to sit in varied positions. The top is available in a round or boat-shaped version, at heights of 45 and 71 cm. The table can be integrated in a wide range of Soft Work configurations.

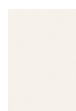

## Materials

- **Table top:** melamine or veneer.
- **Base:** powder-coated tubular steel

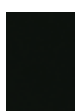

## COLOURS AND MATERIALS

17  
light oak
