

Leaves series

Designed by Kateryna Sokolova, Ukraine

One of the greatest artists of the 1960s was the American sculptor Alexander Calder. He designed small moving sculptures suspended from strings or rods, and his art was the source of inspiration for designer Kateryna Sokolova in her work with the Leaves lamp. The result is a sculptural and iconic pendant with elegant lampshades that can rotate to the sides, so the light source can be adapted to suit your needs. The Leaves lamp is an aesthetic design that hovers beautifully above the dining table, creating the perfect hint of decadence.

Meet the designer

Mi país Ucrania y sus continuas transformaciones inspiran mi diseño industrial. Busco siempre captar la diferencia y originalidad cultural de los países que visito. Desde mi punto de vista, un buen diseño es una mezcla de tres ingredientes importantes: sencillez, funcionalidad y pasión.
