

Pixel

A small felt cup holding reindeer moss which, when combined, can create natural sound absorbing surfaces of any shape or size - custom to your needs. Choose a standard design, or create one of your own using our Online Planner Tool.

Certificates

- Lichen picking certified by ISO 9001 & 14001
- Fire resistance class A material rating (ASTM-E 84)
- Passed VOC emission test (CDPH)
- Sound absorption class C & N10 of 2.5 per ISO354 & ISO 25269 (For a 5,5 m2 area)
- Sound absorption average (SAA) of 0.82 and noise reduction coefficient (NRC) of 0.80 per ASTM C423-17

Maintenance / Cleaning

Reindeer moss repels dust and is completely maintenance free. Dusting only at normal climate conditions with feather-brush or vacuum cleaner at low power setting only.

Humidity Protection

Contact with extreme humidity levels (water spray, prolonged direct sunlight, heat-emitting spotlights, etc) can wash out the preservative and should be avoided. The moss dries and becomes brittle when the relative humidity of the air falls below 40% and softens again when the relative humidity of the air rises above 40%.

Hypoallergenic

Does not contain any common allergens.

Installation

Delivered on adhesive pads of 4x3 Pixels of the same colour. To install Pixel, peel off the protective film of the adhesive pads and firmly press against the wall. We recommend to prepare the wall with primer paint.

Design Resources & Planner Tool

3D Studio (.3ds), Revit (.rfa), Rhino (.3dm), SketchUp (.skp and warehouse), AutoCAD (.dwg) and pCon.

Warranty

A five-year warranty from the date of the original invoice covers any defects in materials, manufacturing or construction. The factory warranty does not cover normal wear and tear. For specially adapted products Nordgröna gives a one-year warranty. Any complaints relating to products supplied must be submitted to Nordgröna in writing together with documentation corroborating the nature of the fault.
