

Acentric series

With a clear-cut idea and a fascination of details, the designers, HI. HI. STUDIO, shaped Acentric. A series of crafted, novelty tables that fuse flexibility and functionality in an aesthetically inviting shape. With a light silhouette, each table blends in, and adds heaps of personality to any room. The framed desktop serves as a blank canvas for creativity, while functional details like a discrete cable compartment cancel out noise, leaving room for ideas to spark.
