

## Ribbed series

Designed by Büro Famos, Germany

---

The Ribbed baskets and tote were inspired by the traditional market baskets. Designed with integrated handles for a sleek look and woven in 100% jute in a shape that is both soft and durable. Use the baskets to store anything from throws to fruits to laundry and bring the tote with you on shopping trips. Designed by Büro Famos.

### Meet the designer

It is important for us to design long lasting products. So to speak: Taking the right material for the right application and creating an appealing good shape is important to make the owner wanting to use a product for a long time. This automatically binds pleasant memories and results in a long-lasting product. We like to take into account different points of views - regarding design and technical aspects. Constant questioning is one of the greatest skills we need to do over and over again. We like to think our ideas through. From the initial idea to final product.
