

Botanique series

Designed by Granstudio, Denmark

The sophisticated Botanique flowerpots allow you to elevate your green friends from the ground and display them beautifully, or create lush, layered stylings with plants in pots of different heights and sizes. These pots come in a variety of shapes that beautifully complement each other and are suitable for a wide variety of plant types. Made from durable ceramic, they are glazed with a delicate texture that gives each vase a unique look.

Notice

The design is only suitable for indoor use. Be aware that condensation can occur on the outside of the flowerpot, so we always recommend using a saucer or placing the design on surfaces that can easily be wiped clean and will not be noticeably damaged by moisture. Also avoid leaving standing water in the pots. Ceramic items can sweat, meaning condensation can form on the outside of the herb pot. Therefore, always use a saucer or place the herb pot on surfaces that can be easily wiped or will not be damaged by moisture. Never allow water to stand in the pots. Must not be washed in dishwasher.
