

## Anelli series

Designed by Meike Harde, Germany

---

A series of voluminous yet airy pendants with a natural and effortless feel. Each pendant is composed of rings of oak or birch veneer, gently suspended by fine string that is knotted through each ring. The LED top emits a softly diffused light through the screen. Available in two sizes that can be grouped into atmospheric arrangements with a transparent quality. Designed by Meike Harde.

### Meet the designer

My designs are characterized through fine structures, certain transparencies and subtle details adapted in pure shapes. My designs aim towards an aesthetic synergy of material and form. I believe that a decorative element should walk hand in hand with a useful purpose. For me, function and aesthetic are a unified whole.
