

S1

Product Guide 2024

ERGONOMICS MEETS DESIGN. THE NEW S1.

In 2024, moll is bringing even more motion into your home, because the sit-stand stool S1, which focuses on ergonomics and design, is equipped with two 3D joints!

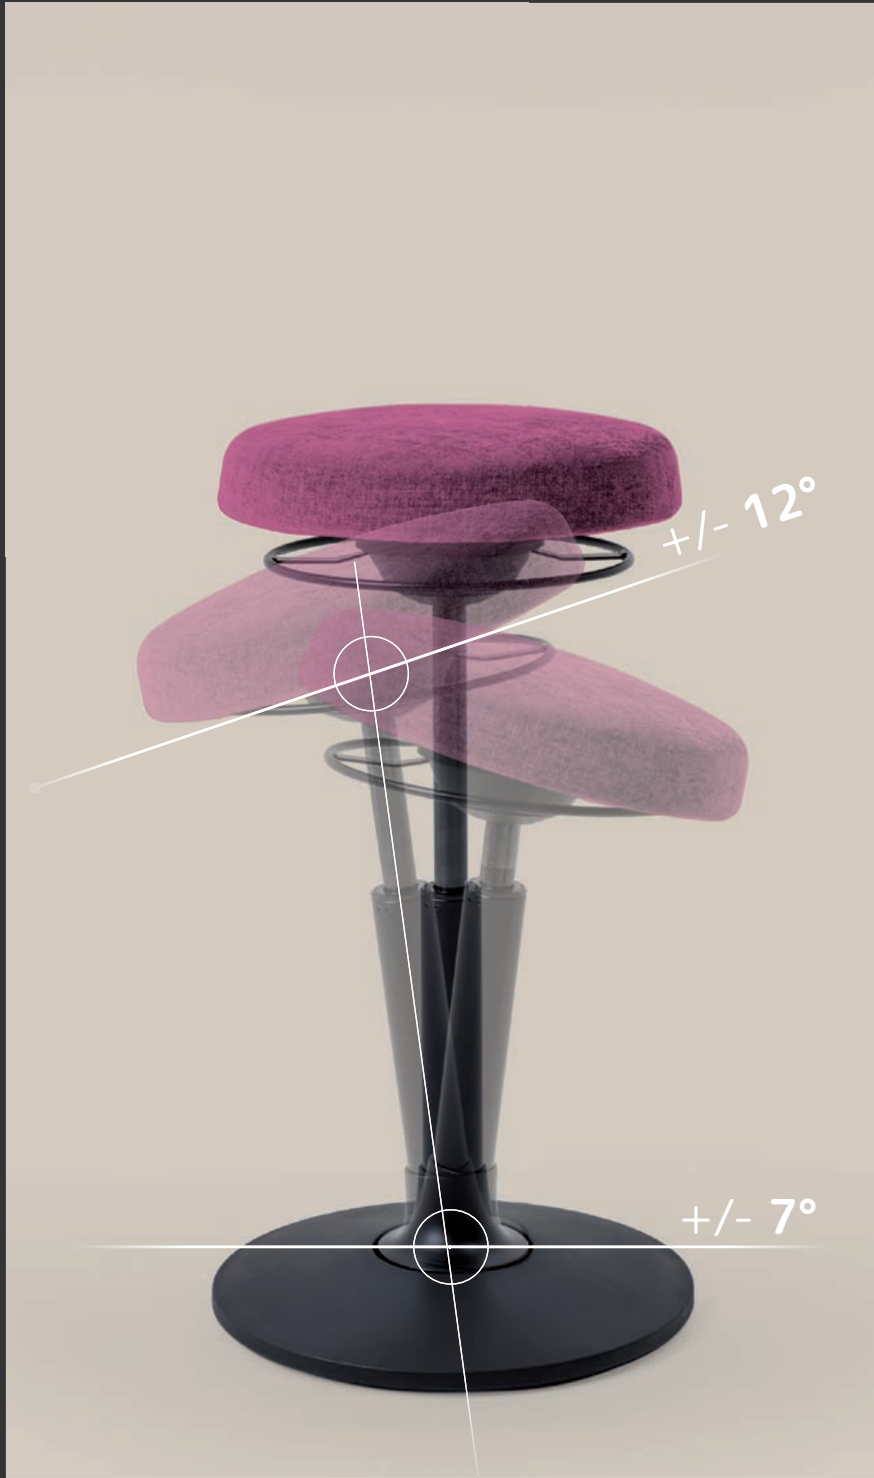

The S1 - the new stool for both sitting and standing,

- that follows your movements in all directions
- provides optimal support for lateral movement
- that suits you when sitting and standing
- that remains stable with every movement
- that lasts a long time and accompanies you for many years

The seat cover can be changed easily and is available in eight colors.

The S1 is suitable for promoting back health.
It is therefore recommended for purchase by the AGR.

Simply ergonomic

- Height adjustment can be triggered in any position
- Available in S, M and L to fit any body height
- Damped seat with safety gas spring

Seat cushion with cover

- Changeable and washable cover: for more variety - longer usability
- 8 current fabric colors

S1 seat dynamics

- Two 3D mechanisms ensure maximum seating comfort
- 3D rocking function of the seat:
The seat cushion always has full "body contact"
- 3D swivel function at the bottom:
Free movement - in any direction!
- High stability thanks to solid anti-slip base plate

S1
